Branch Registration OK'd For County Voting Area

Establishment of branch registration offices in the three polling districts of Jefferson County outside Louisville was authorized Tuesday by the County Registration and Purgation Board. Branch registration for Louisville voters also has been authorized.

The county schedule, as announced by E. Preston Young, board chairman, are August 31 and September 1 at Eastern High School for District A; August 29 and 30 at Fern Creek High School for District B; and August 27 and 28 at Valley High School for District C. Hours will be from 1 to 9 p.m.

Meanwhile, both city and county registration offices have reopened following the May 29 primary election and will remain open until June 27 when books are closed for the July 7 election on the proposed school occupational tax.

Books will reopen July 12 and remain so until September 8 when the deadline is reached preparatory to the November 6 general election.

County hours are from 9 a.m. until 4 p.m. Mondays through Friday and from 8:30 until noon Saturdays. Persons eligible to vote include those who have attained their 18th birthday anniversary before the date on which they will vote on a particular issue.

The Louisville and Jefferson County Republican Executive Committee recently adopted a resolution asking that special branch registrations be established.

Because residents of Anchorage live in an independent school district, they will not participate in the July 7 election and will vote on the proposed school occupational tax.

Persons living there, however, who earn money in either the city or county districts will be required to pay the tax to that particular district should the levy be approved.

Work Begun On New St. Edward's School

The church property faces Suburban Parkway and was purchased from Thomas Enterprises.

The building will contain 10 classrooms and a large assembly room that can be divided into numerous quarters. It will be of concrete block and brick construction.

"That must have caught 'em all." That was the comment of a young boy who missed the score of wanted criminals that formerly adorned the bulletin board on a lobby wall of the Jefferson Post Office.

The circulars had been removed by painters during a redecorating project.

These conditions were cited in one paragraph of Steiner's letter to the county.

Two war brides - Mrs. Elma Peak and Mrs. Elie Brinley - were the first new residents of the Jefferson County area to be received by the Welcome-Moble of the Younger Women's Club.

Both received calls from club representatives in their homes on Lynnwood Avenue, Brentwood Subdivision, Tuesday afternoon. Mrs. Peak, of No. 28, happened to be the first. She and her family have been living in the address since May 30.

Quite a family, visitors found, as she and her husband, Eunice Peak, have four children with ages ranging from 10 to 3. They formerly lived in New Albany, Ind. The husband is a sub-contractor with Bass Construction Company.

Mrs. Peak met her husband while he was stationed in England during World War II. Her home was at South Wales. Mrs. Peak came to the United States with her oldest child was 10 months old.

She has found Brentwood to be a friendly, nice neighborhood, but hasn't had much chance to get to the downtown section. She added she thought the Welcome-Moble was very nice and intends to visit the stores and get her gifts.

The other war bride, Mrs. Brinley, a native of Germany, her husband, Stanley, is employed at Appliance Park. They have a 14-month-old child and formerly lived at Taylorville.

In an interview, Mrs. Brinley formerly of Ulm, Germany, told of her husband's death in the Pacific and destruction of her family during World War II.

Three brothers were killed, she said, and she was left a little while after being released from a French concentration camp. Her home was burned during the war.

Her mother, Mrs. Brinley said, wasn't very happy about her coming to the United States, but she was content if the daughter could have a happy and a safe life here.

Further development of the program will depend upon the amount of adult volunteer and counted. The program will be for boys (age 8 through 12).

Friday is the "fast pitch" league for all men in the area. Fishback, who lives in Charlene Heights No. 2, has challenged the league of the Volcanic Park department, Charlene Heights No. 1, Highland Beaches, Ridgewood and any other subdivision in the area that may desire to make up a team.

Each afternoon the midweek league will hold ball practice except one afternoon a week when all the children will be taken by bus to the Crescent Hill swimming pool.

City Council Studies Request Of Fairview Residents For Street

The Jeffersontown City Council Tuesday night took advantage of a request of residents of Fairview Avenue that they be permitted to construct their own street under less stringent specifications than have been proposed for Willow and Locust Avenues.

Action was taken after a delegation, headed by John Shacklette, proposed to pave the street with a 16-foot-wide wide surface that would cost 80 cents a running foot on each side.

City officials point out that such a plan may be practical on a 20-foot right-of-way. Fairview, it was said, has been engineered for proposed reconstruction.

Mayor John T. Orlandi said residents will be given an answer at an adjourned meeting of the Council June 18.

The city has held up action on a proposal to resurface Willow and Locust because of the manner of financing.

Eliz Payne, operator of a wrecking service, appeared at the session and said he was not going to pay the \$300 license fee required by junk dealers, a classification in which his business has been placed.

City attorney Gene Snyder was asked to take the necessary steps to collect the amount.

Charles R. First, Jr., became a member of the council for the Jeffersontown Post Office.

First was elected to a two-year term in November, 1953, during the Bowles administration.

He has been commissioned to the Artillery branch and will report to Fort Sil, Okla., June 26, 1957, where he will attend a six month officer's training course.

He has been commissioned to the Artillery branch and will report to Fort Sil, Okla., June 26, 1957, where he will attend a six month officer's training course.

Due to a deferment granted by the Army, lieutenant Moody will continue his graduate work at the University of Kentucky. He plans to receive a M.S. degree in animal husbandry.

Parish members of St. Paul's Episcopal Church have the knowledge of the new 45-by-117-foot church will appear when it is completed. A scale model of the proposed \$250,000 church was unveiled at recent services.

Fighting Paganism

Lesson for June 10, 1956

CHRISTIANITY has seldom if ever spread smoothly and easily like gravy over mashed potatoes. Its history is more like a river which meets with immense rocks and boulders which tear the water into foam and spray. As the Colorado river has to fight to make its way westward, so the Christian church has had to fight. It is not true that all men are eager for the Gospel and that all we have to do is to tell people about the love of God and they will all be grateful and Dr. Foreman glad to hear it. On the contrary, Christ has his enemies now as he did in Galilee, and has always had. The name "paganism" is sometimes given to everything in contemporary life and thought which is actively hostile to Christ and his cause.

Did the church conquer paganism?

Already in the city of Ephesus, when St. Paul was the main preacher there, Christians ran into trouble. We sometimes think if we could get rid of our preachers and get the Apostles to take charge of our churches for a while, we would eliminate all our troubles; but St. Paul for one would not have agreed with us. We hear of opposition that became quite serious. Certain men "were hardened," "did not believe," and far from keeping their unbelief to themselves, "spoke evil of the Way" (i.e., Christian life) in the most public places ("before the multitude"). This is a sample of what Christianity, the Christian church and individual Christians, have to contend with in all ages of the church: hardened men, who are not only without faith but who will go out of their way to attack the Christians' faith. This is paganism; it has many forms but its spirit is always anti-Christian. The church both has, and has not, overcome paganism. It has won many of these enemies of Christ to become his followers, and is still doing so. It has taken the control of society out of their hands, in various times and places, as happened at Ephesus for a time. But the fact is, paganism is far from dead. In one form or other its attacks go on and on.

Missionaries of paganism

When an army stays for any length of time in a foreign territory, it usually leaves behind it words or phrases which the natives pick up, and which may become a permanent part of the local language. It was so with the English language. The Roman military occupation of England, which lasted into hundreds of years, left many souvenirs in the English language. One of the first words the Britons learned from the Romans was "wine" from the Latin *vinum*. (Incidentally, also, another word borrowed but not now used in English was a word for "boy" that comes from a Latin word for tavern-keeper.) So our very language bears testimony to the fact that the pagan Romans were everywhere missionaries of paganism, and that part of the gospel of paganism is, *Liquor is a Good Thing*... so let's all have more of it! Paganism still sends out its missionaries. On a slow boat to China not many years ago two men shared the same stateroom. One was being sent out by an American Christian church to preach the gospel of Christ. The other was a man who was keeping his son in college by selling liquor in China—sent out by a large distillery firm. Every convert made by the liquor-missionary was going to make it more difficult for the Christian-missionary; and also the other way around.

Paganism's progress

Christians too easily sit back in their easy pews and think, Paganism has been licked. St. Paul licked it, or Luther, or Wesley or somebody. We live in a Christian era, in a Christian land. Do we or don't we? There are some figures that ought to make us think. The statistics of the Internal Revenue Service of the United States, as analyzed by the Methodist Board of Temperance, show that for every church being erected in the U.S., seven retail outlets for liquor are being licensed. As of the latest count, there are 141,732 more saloons, cocktail bars and stores selling alcoholic beverages than there are churches, synagogues and temples combined. The breakdown shows 441,789 "spirited sources" as against 300,506 "spiritual sources."

SEEK YE FIRST THE KINGDOM

Showing The Way...

HERE is life's romance; a grandfather guiding the minds of young boys and young boys seeing Heaven through grandfather's eyes. This may be hero-worship but it is a grand time to teach them to pray... to introduce them to the eternal Friend. *Your child will listen at each bedtime when you talk about God, and Heaven, and the Church. He will follow when your journey is toward Sunday School. Oh, for the faith of grandfathers who care and who help youngsters find the way to God. It is our privilege and our responsibility to teach them to say, "Now I lay me down to sleep, I pray the Lord my soul to keep. If I should die before I wake, I pray the Lord my soul to take." If you teach them to trust this prayer, then you can trust them anywhere.*

STRENGTH FOR THESE DAYS
The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; He leadeth me beside the still waters. He restoreth my soul; He leadeth me in the paths of righteousness for His name's sake.
Yes, though I walk through the valley of death, I will fear no evil....—(Twenty-third Psalm.)

THE GRAPE VINE

By Jane Brinley Gura

If you're wondering what's buzzing these days—besides the mosquitoes and lawn mowers—then read on and we'll try to tell you of the people who are buzzing with activities.

Mrs. L. E. Slattery was buzzing with excitement and good reason, too, because they received a long-distance call from Chicago Memorial Day. The call was from none other than Mrs. Slattery's son, Dudley Weathers, who had just arrived from Japan and was at Fort Sheridan, Chicago, awaiting final release from the Army.

Mr. and Mrs. Slattery left Sunday afternoon for Fort Sheridan, where they will be with Dudley for a week. (Quite sure all of Dad's friends will want to join me in saying "A Very Special Welcome Home Dudley.")

It was quite an exciting weekend at the Slatterys, because Mrs. Slattery's other son, Dr. David Weathers, was graduated from University of Louisville's School of Medicine. Dr. David Weathers, Mrs. Seth Evers, Salem, Ill., and Mrs. Dorothy Drake, Chicago, were week-end guests of the Slatterys and attended the graduation exercises.

Anyone seeing Laura and Oliver Mayer this week might have wondered about their harrassed look. Despite the fact that Oliver had a horrible cold, his main problem was how to cope with excessive baggage.

Because Laura, Oliver and Nancy leave this Friday for Lincolnwood College, St. Charles, Mo., to bring Lois back home for the summer. And it seems while during the school term, she also acquired enough excess baggage to make Laura and Oliver wonder how they would need a trailer to transport Lois and themselves back home.

How do they get off for a language rack for the top of the car and are leaving home (dubious) that the rack will be adequate.

Mr. and Mrs. C. E. Sandlin, Richmond, Ky., were breakfast guests Saturday at the home of B. E. Brinley. Mrs. Sandlin returned to Richmond Saturday morning. Mrs. Sandlin spent the week-end with Brinleys returning to Richmond Tuesday.

Congratulations to Mr. A. B. Young, Herrick Lane, Middletown. Mr. Young has qualified as a member of the 1955 Star Club of the New York Life Insurance Company, according to Mr. Lindsey McMahon, general manager of the company's Kentucky branch.

Membership in the Star Club is based on sales records and is composed of the most successful agents of New York Life, who have a force of 5,500 agents in 179 branch offices.

As a member of the Star Club, Mr. Young accompanied by Mrs. Young attended an educational conference at Buck Hills Falls, Pa., June 3 thru June 6.

Members present were Mrs. Walter Bauman, Mrs. William Cartledge, Mrs. Louis Brown, Mrs. Charles Baker, Mrs. James Sutherland, Mrs. R. C. Pierce, Mrs. Lillian Batts, and Mrs. B. B. Slead.

This schedule was effective Monday, May 22, and will continue every other week.

Dr. Wyman, former superintendent of Central State Hospital, Lakeland, and Mrs. Wyman will move next month to Milwaukee where Dr. Wyman will be a medical director at the Milwaukee County Hospital.

Those present at the luncheon for Mrs. Wyman were Mesdames Beckham Garrett, George Bauman, R. R. Kirk, A. Byrne, Charles E. Baker, J. H. Powers, Charles Rasmussen, J. T. Moore,

Robert Peege, Lloyd Poulter, W. T. Fisher, W. H. McFarland, H. Howard R. Mastropaul, William Schwab, Z. O. Singleton, Louis Brown and Miss Elizabeth and Sarah McConaught.

The fishing bug bit M. C. Pitts and Henry Riddle last Friday so they took off for Jamestown Dock where they spent the week-end.

Pvt. Bernard A. Slead, whose wife, Dixiana, and father, Dr. Bernard B. Slead, live in Middletown, recently completed 10 weeks of advanced individual training under the packet platoon system at the Army's Armor Training Center, Fort Knox.

Bernard was trained to drive the Army's medium tank. He passed the 30 and 50 caliber machine gun proficiency tests and qualified as a gunner in the firing of the 81 mm. tank gun.

Mr. Fred A. Kuntz was dismissed from the Baptist Hospital Sunday and is now at home after his terrible experience, with the robber who almost killed him. Fred says it seems just like a nightmare. He will return to the hospital several times for the doctors to dress his head wounds. He is quite bald now, we do hope his hair will grow in again. He looks well though and wants to continue living in his home which he loves and is going to stay there if it is the will of the Lord.

Mr. Y. M. Abell is staying with him until he gains his strength. He received many get well cards

and lots of beautiful flowers, had many visitors which he enjoyed. Two telephones were kept busy day and night until he was out of danger. He wishes to tell all his friends how much he appreciates their loving kindness and also wishes to thank The Jeffersonian for the write up which was in the paper.

We wish to remind you that June 3 next Sunday afternoon at 2:30 will be the business meeting at the Fairmount Cemetery, as announced in The Jeffersonian last week also Decoration day will be observed. Rev. Noah Benningfield will bring the message.

Mr. and Mrs. Albert Berger had spent recent week-end guests, Mrs. Mary Stewart and Sonny Hays. Then on Sunday Mr. and Mrs. Paul Hays and children and Mr. and Mrs. Earl Hays joined them who were already there. Then came Monday Mr. and Mrs. Charles Whitehouse and Jimmy Hicks as dinner guests.

Mrs. Tom Parris is not well at this time, she was to attend church services Sunday.

Newburg News
By Mrs. J. H. Shively

Small crowd at church services. We be glad when folks get through with their work and back to worship on Sunday. They missed a good sermon and at the close a happy climate when our good friend, Mrs. Roy Sellers, took membership with the Newburg Baptist Church. She is president of the Joy Class and with our co-operation I know the class, Mr. Sellers, favored the congregation with an anthem from the Adult and Junior Choir and we enjoyed them so much.

So sorry to hear of Charles Vogelbeurs terrible accident. Charles was one of our Sunday school boys and very likeable. All the sick are improving except the prayer was offered by Mr. Elvers in the Joy Class.

Mr. and Mrs. Cook and Mrs. Shively visited Mrs. Frank Arnold at the Baptist Hospital Monday afternoon. Mrs. Arnold found her cheerful and looking so much better. She hopes to come home Wednesday. She has had quite a lot of visitors and pretty pot plants and Mrs. L. P. Jones sent her a bunch of her beautiful roses and carnations, etc. It was a very congenial roommate.

Mr. J. B. Brundage visited us Wednesday and brought us two cunning little kittens, named Ticky and Sally Patch.

Mr. and Mrs. Lee Sutherland invited us to their hospitable home for an outdoor picnic dinner, but rain prevented last night. Those tasted just as good inside. Those to get most of the pleasure.

Mr. and Mrs. R. B. Cook, Mrs. Lena S. Bond, Mr. Gene Dorton, Mr. Earl Osborne, the host and hostess, Mr. and Mrs. Sutherland and I think Scott the house dog enjoyed it very much. Mr. Sutherland was so well but he put up his energy and with his good wife made us a delicious ice cold orange and lemonade which was just the thing for a hot day.

I am told Mr. Alpkier will be in Kentucky soon and we hope will take his place in the choir. We have missed him, the voices are needed so much.

No John Brundage entertained so graciously at her palatial home in Anchorage with a 12 o'clock luncheon for a few of our close friends. The meal was served in courses by her maid. Mary is a fine girl she went to school to Mr. Shively and we spent many nights in her home.

Mrs. Johnson with new car for her own special use. How thrilling!

Mr. and Mrs. C. J. Stivers went to see Mr. Charlie Hinkle at the Pewee Valley Sanatorium Monday and took him strawberries. He was cheerful and talkative and he enjoyed them so much.

March of Dimes Final
Report Is Submitted

A total of \$742,000 was raised in Kentucky's 1956 March of Dimes in January, Dr. Frank Kraus, Bardonia, state chairman, announced this week. All 150 county chapters met and have submitted reports, he said.

Last year, \$605,000 was collected in Kentucky to fight polio. The 1956 total represents an average contribution of 25 cents per person, Dr. Kraus said, about 2 cents below Kentucky's average of the past two years.

Cardinal County, population 8,500, agglutinated all counties in per capita March of Dimes gifts, averaging \$1.61. Over \$13,000 was raised there. Jefferson County was second in total dollars collected, \$184,000.

REPEALING INCOME TAXES

By Willis E. Stone, author of the "Proposed 23rd Amendment" and president of the American Progress Foundation, Los Angeles. The pious we call income taxes, and the evil of bureaucratic competition with private enterprise, are being met with growing opposition.

Such personalities as Mr. T. Coleman Andrews have joined with resistance. With the knowledge gained from his experience as head of the General Accounting Office and Commissioner of Internal Revenue, Mr. Andrews flatly advocated repeal of income taxes.

This declaration alarms those who have adopted the bureaucratic attitude that government income and spending must constantly increase. The big government advocates demand that Mr. Andrews identify the sources of revenue government can tap if it should lose the power to tax incomes.

This bureaucratic attitude is blind to the elemental fact that government can, by simply stopping its senseless competition with its own citizens, eliminate the need for individual income taxes.

An enormous volume of evidence supporting this basic fact is available. It has been summarized in a recent report issued by the American Progress Foundation, 6413 Franklin Ave., Los Angeles, Calif.

Key to Repeal
According to the report, the key to repealing individual income taxes is a "proposed 23rd Amendment" to the Constitution, which would outlaw bureaucratic competition with private enterprise. This proposal is now pending in Congress as H. R. 123. It provides that:

The Government of the United States shall not engage in any business, profession, commercial, financial or industrial enterprise except as specified in the Constitution.

In demonstrating how this would work, the report reveals that some 700 federal corporate activities now own and operate about 40 per cent of the land area and 20 per cent of the industrial capacity of the nation.

It is estimated that selling these properties, enterprises and facilities back to the American people would yield more than \$50 billion, reducing the national debt by that amount, eliminating the need for taxes to pay interest and amortization on that portion of the national debt.

The tremendous losses of the federal corporations would cease, and a million employees, paid by your taxes to service the federal corporations, would become gainfully employed in private enterprise, relieving the taxpayers of both the payroll and the goods, services and facilities required to make the payroll operation.

Potential Saving
This potential tax saving at 1954 level would add up this way:
Interest \$ 1,250,000,000
Amortization 1,250,000,000
Losses saved 10,000,000,000
Payroll saved 4,000,000,000
Facilities 12,000,000,000
Total \$28,500,000,000

Add to this the nearly 5 billion tax dollars given to foreign socialist and communist governments to keep them in power during 1954, and we find the potential savings that can result from H. R. 123 equals a grand yearly total of more than \$33 billion.

Total individual income taxes paid in 1954 amounted to little more than \$32 billion. Thus, the "Proposed 23rd Amendment" seems able to cut the cost of government enough to permit the repeal of individual income taxes and still leave the government a surplus of nearly a billion dollars a year.

This is not the end, but only the beginning of a chain reaction of enormous benefits to every American. The struggle with tax from 1040 will end. So will the tax deductions which have fattened our pay envelopes. It will restore 15 or 30 per cent more spendable income to the average American family.

The American Progress Foundation report is available free. It shows the solution to your tax problem—the most important issue in the Election Year of 1956.

"Nobody ever pulled a rabbit out of a hat without carefully putting one there in the first place." — J. H. Kindeberger.
